

16 June 2023

**MT COTTON
QUARRY**

TO THE RESIDENT / BUSINESS OWNER

Upcoming Roadworks on Mt Cotton Road for the Stage 1 extension of Mt Cotton Quarry

Owner and operator of Mt Cotton Quarry, Barro Group, has engaged Winslow Queensland to undertake roadworks as part of the Stage 1 extension of Mt Cotton Quarry at 1513 Mt Cotton Road. Information about the extension will be provided to community members shortly.

Roadworks will be carried out from **26 June 2023 and are expected to be complete during October 2023**, weather and construction conditions permitting.

Works will generally occur Monday to Saturday, between 6.30am and 6:30pm.

Works will involve constructing a new intersection with Mt Cotton Road (refer map overleaf) which will include:

- road widening around the intersection
- installing dedicated right and left turning lanes into the quarry
- improved sight lines for motorists
- a section of dedicated cycle lane
- upgraded road drainage
- minor works including line marking and site restoration.

Changed traffic conditions may include reduced speed limits at times through the work site, lane closures or diversions and traffic control. Motorists may also experience delays at times during the works and should factor in additional travel time to their journey.

All efforts will be made to minimise disruptions, however construction impacts may include noise, dust, and increased truck movements.

Your patience and cooperation is appreciated while these works are being carried out. If you have any queries, concerns or require more information, please contact me on 0409 023 100.

Sincerely

Harry Clark

Operations Manager – Concrete & Quarries QLD
